## Nebraska Log Cabin Republicans

### *Stop the Steal Freedom Rally*

**Omaha, NE — 11/11/2020** — For as long as elections have taken place, the question of voter fraud has always presented itself. The 2020 election seems to be the final straw for American’s willing to accept fraudulent interference in our elections, whatever that may be.

This year we have arguably seen the most blatant form of voter fraud occurring right in front of our eyes, with media coverage, and the whole world watching. Between the thousands of mail-in ballots mysteriously being “found” over night for only one candidate, hundreds of absentee ballots being returned for deceased citizens, and possible “glitches” in a voting software system, these claims are hardly baseless accusations. There have been reports from postal workers across the country claiming their supervisors have told them to toss out or post-date ballots, most notably USPS Whistleblower, Richard Hopkins, whom the Mainstream Media is trying to say recanted his story - when he did in fact, not, and has since denied those claims and released footage of federal investigators using witness intimidation tactics against him. 234 sworn affidavits from Michigan alone were filed today from citizens and poll workers alleging election irregularities. Republican poll workers being sent home or barred from viewing the tabulation or counting of ballots has also taken place in multiple states across the country, which is a direct violation of most state election laws.

As American citizens it is our right to have our voices heard, and the best way to do that is on Election Night. If we can’t guarantee a free and fair election, how can we guarantee that our votes matter? How do we urge our friends and families to vote, if we know that an election can be manipulated in favor of one candidate over another? If we can’t ensure a free and fair election, are we any better than the third world dictatorships or communist countries?

The Chairman of the Nebraska Log Cabin Republicans, Tim Davis, has teamed up with the “Stop the Steal” movement to demand a fair and transparent 2020 election process,

not only in Nebraska, but across the entire country. With help from a number of local organizers, Mr. Davis plans to hold as many rallies as possible across the state of Nebraska to bring awareness to the very real issue of voter fraud and demand transparency from our leaders.

Saturday, November 14, Omaha will host the next “Stop the Steal” rally at Memorial Park. The event will start off with a rolling Trump Train rally meeting in Haymarket Park at 930am. Participants will leave Lincoln around 10am and head to Omaha and finish at the “Stop the Steal” rally at Memorial Park. There will be about an hour rally presentation with a few local speakers before ending the event around 1pm.

“For far too long we have allowed our elected officials on both sides of the aisle to pull the wool over our eyes. For far too long we have allowed the Mainstream Media to tell us how to think and what to feel. President Donald Trump has truly woken the silent majority, and we have had enough. With these peaceful “Stop the Steal” rallies we show our support behind our president and demand a fair and transparent election. We want to ensure that every American will have the opportunity for their voice to be heard at the ballot box, regardless of whom wins the election.” – *Tim Davis, Chairman Nebraska Log Cabin Republicans*
